

JOIN CEEE TODAY!

CENTRE FOR ELECTRICAL ENGINEERING EXCELLENCE (CEEE) is an emerging & innovative organization of electrical engineering that promotes the development, knowledge and ongoing research in the field of engineering. The objective of CEEE is to design and create a hub of knowledge to serve our stakeholders/service providers involved in all aspects of the electrical, electronics and related areas of engineering & technology which underlie modern developments and advancements in the field of Electrical Engineering. The main objective of this centre is to serve as a valuable source of knowledge for stakeholders, industrialists, society members and research group members in the area of Electrical Engineering. 'Electrical Engineering Excellence Centre' provides an outstanding academic medium for students, researchers, scientists, and industrialists as well, to share their knowledge and skills and also to disseminate their knowledge and research worldwide by the means of this platform. It is a forum which covers a wide variety of knowledge, specific field interests at technical levels, exchange knowledge among individuals of electrical engineering, share practical applications ideas, and generate solutions.
